

Show Up & Teach

Let MovingVentures Productions do the rest for you!

Welcome to Show Up & Teach

Dear Teachers & Presenters,

The beautiful island of Bali has become a haven for teachers looking to offer unforgettable and affordable workshops, retreats and cultural tours. Detailed planning and smooth production are key to a successful program. With MovingVentures' help, you can simply "Show Up & Teach."

We have been producing events in Bali since 2003, making us among the most experienced companies on the island. Our team consists of both English-speaking Indonesians and Westerners living in Bali for several years who have extensive knowledge of Balinese culture.

Travel Warning: Indonesia is Dangerously Beautiful

Show Up & Teach provides support through all aspects of the planning process - before, during and after the event. Because we also produce our own workshops, we are experts at ensuring client satisfaction throughout their time on the island.

We have great relationships with some of the most-respected resorts in Bali, and can help you determine which one is the best for your group and your budget.

We will introduce you to Balinese culture and share advice on how to be a responsible visitor. MovingVentures is dedicated to producing sustainable events that benefit the local people, as we practice the 6 R's: Rethink, Refuse, Resist, Reduce, Reuse and Recycle. We work closely with other local and international NGOs and orphanages.

To enrich your participants' on-island experience, we can arrange excursions to temples, beaches, dance performances, Bedugul botanical gardens, cooking classes and spa classes to learn how to make all-natural products, such as scrubs, massage oil and tea. We will arrange all transportation with our reliable drivers.

MovingVentures owns a variety of supplies we can conveniently provide to you, including meditation cushions, massage tables and pillows, and yoga mats, straps, blocks and blankets.

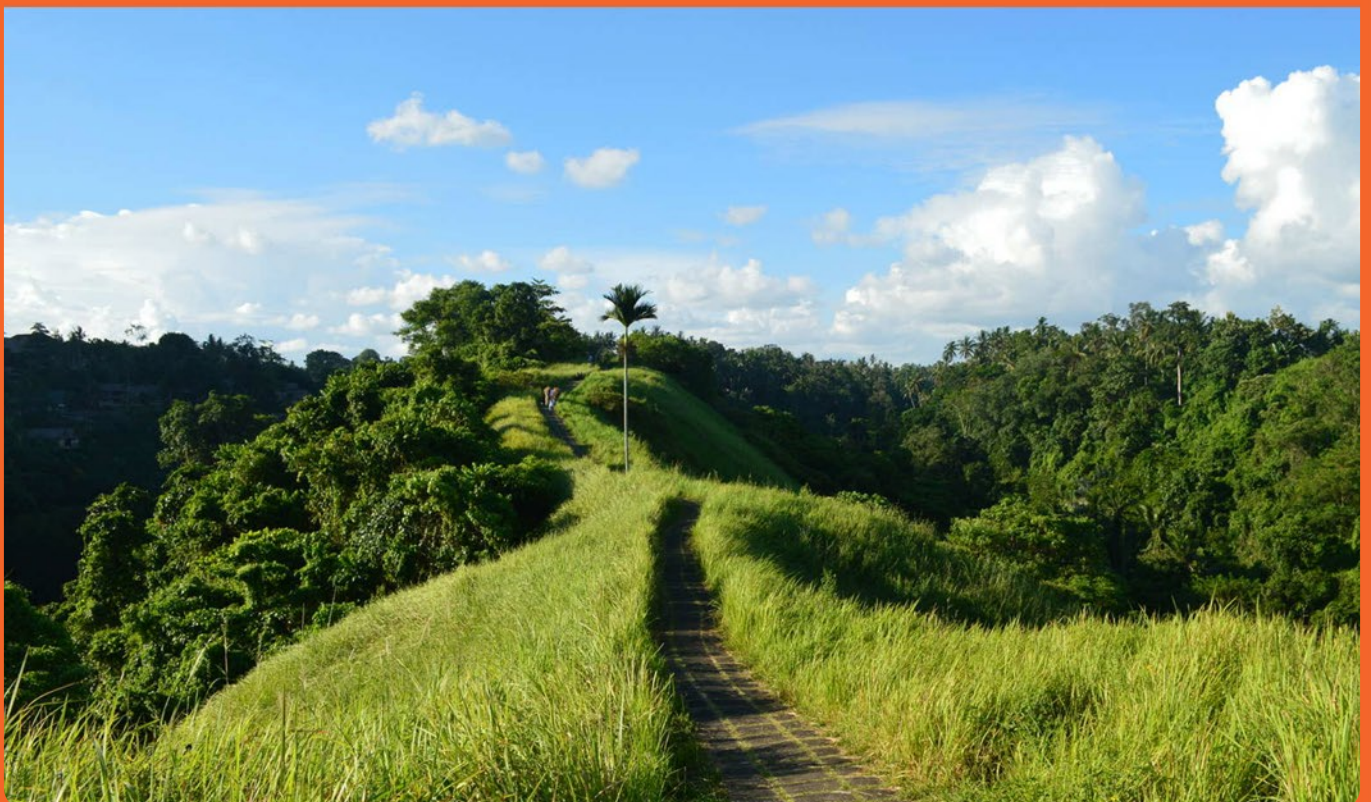

"Let the beauty of what you love, be what you do" - Rumi

Having us on your team to take care of all the planning details will allow you to focus on attracting your group and creating the content of your offering. We love to share the magic and beauty of Bali and create unforgettable programs for teachers and their students.

We look forward to helping you create a fabulous event!

Let's get started!

How do we plan a program together?

Arrange a free Skype consultation with Lloyd, our Director of Operations. We will get to know each other, discuss ideas for your program and decide how best to move forward.

Is this really for me?

Show Up & Teach is designed for teachers or leaders with an audience they believe would be interested in coming to a program in Bali. We will assist in promoting to help grow numbers of students, but ultimately this works if you already have a small group interested or a good avenue for personal promotion, i.e. through a yoga/dance studio or offering regular classes.

How much will it cost?

If we both decide to move forward and start developing a program, we will require a deposit and a signed agreement in place to confirm you will not run this program without us. In the event that the program does not go ahead we will refund 50% of the deposit, with the remaining 50% going towards costs incurred and time spent working on the program.

We usually take around 30% of net revenue depending on the program. All finances are calculated up front to be agreed upon and clear before promoting the program or registering any students.
